

Center for Advanced International Studies

Magnet Description

The Center for Advanced International Studies at Cass High School empowers students through relevant global learning experience combined with a rigorous international curriculum, supporting students to be multilingual leaders in the international environment. Through rigorous study of social, cultural, economic, and scientific courses, students will become well rounded global citizens prepared to impact today's business world and global economy.

Special Opportunities for Students

Students will be able to receive specialized learning that will include the following:

- Program-focused research
- Field work & internships with international partners and experts
- Study abroad programs focused on cultural and language immersion

Emphasis on Languages

Four unique world languages will be offered at Cass:

- American Sign Language
- Mandarin Chinese
- French
- Spanish

Students may be eligible for a diploma seal of biliteracy, which will market them as bilingual to potential employers.

How are these programs specialized?

In the magnet program, students will be given opportunities to undergo intensive research that is coupled with an internationally tailored internship. In doing so, students will be able to pursue their specialized interests, develop their talents, and extend their competencies beyond the usual scope of high school.
