

Bartow County School System will host a Golf Tournament at the Cartersville Country Club on April 24th. All proceeds will benefit the Magnet Programs at Adairsville High School, Cass High School, and Woodland High School!

This fundraiser has potential to enhance the Magnet Program and experience for all the Bartow County Magnet students. For this event to be successful, we need help from each magnet student, their families, and the community.

Each magnet student has a goal to obtain at least 1 Hole Sponsor at \$100.
